Education

Computer Science, B.A. | U.C. Berkeley

August 2023 - Present

GPA: 3.9; expected graduation: Spring '27

Experience

Software Intern | Elcyo Co., Ltd.

January 2025 - May 2025

- Helped write Python programs to automate testing of Elcyo lenses

Website Development | Decadence a Cappella

July 2025 - Present

- Updating and maintaining the club website using Git, HTML/CSS
- Collaborating with other members, delegating tasks and ensuring repo changes are up to date amongst branches.

Optometric Technician | Simply Vision Optometry

October 2023 - August 2025

- Conducted pre-tests for patients (intake, refraction, stereopsis, color tests)
- Fitting, selling, and styling frames and lenses
- Billing insurance, filing patient records
- 12-15 hours per week throughout the school year and summer

Piano Teacher | Pacific Piano School

July 2022 - July 2023

- Gave private lessons to students enrolled in summer and winter camps to help with their music theory and refine their piano technique.

Skills

- Python, Java, C, HTML/CSS, RISC assembly, GO/Golang
- Music Composition (Piano, strings, choir), Choral arranging
- Piano accompaniment

Coursework

- CS61B - Data Structures and Algorithms
- CS61C - Great Ideas of Computer Architecture
- CS70 - Discrete Mathematics and Probability Theory
- Math 54 - Linear Algebra
- CS170 - Efficient Algorithms and Intractable Problems (in progress)
- CS161 - Computer Security (in progress)
- CS169A - Intro to Software Engineering (in progress)
- CS198 - Intro to Linux, SysAdmin
